No. 1
CITY CHARTER.

AN ACT

To amend the act entitled "An act to reduce the Law incorporating the City of Chicago, and the several Acts amendatory thereof, into one act, and to amend the same," approved February 14, 1851.

SECTION 1. *Be it enacted by the people of the State of Illinois represented in the General Assembly :* The Common Council shall, before the next annual election, divide the wards of said city into so many and such convenient election districts, as to the said Common Council shall seem proper, and to appoint places for holding elections therein, and appoint the board of inspectors therefor as now provided by the law; and for this purpose they are hereby authorized to appoint three additional inspectors of election for each election district so created, whose qualifications and duties shall be as now prescribed by the City Charter.

SEC. 2. All ordinances, petitions and communications to the Common Council shall, unless by unanimous consent, be referred to appropriate committees, and only acted on by the Council at a subsequent meeting on the report of the committee having the same in charge; and any report of a committee of the Council shall be deferred to the next regular meeting of the same, and the publication of the said report in the corporation paper may be required, by the request of any two aldermen present.

SEC. 3. Every act, ordinance or resolution, passed by the Common Council, before it shall take effect, shall be presented, duly certified by the city clerk, to the mayor for his approbation. If he approve, he shall sign it, if not he shall return it with his objections in writing to said Common Council, who shall enter said objections upon their record and proceed to reconsider it;

and if, after such reconsideration, two-thirds of all the members elected shall agree to pass the same, it shall take effect as an act or law of the corporation.

SEC. 4. If the mayor shall not return any act, ordinance or resolution so presented to him, within five days, it shall take effect in the same manner as if he had signed it.

SEC. 5. No contracts shall be hereafter made by the Common Council or any committee or member thereof, and no expense shall be incurred by any of the officers or departments of said city government, whether the object of expenditure shall have been ordered by the Common Council or not, unless an appropriation shall have been previously made concerning such expense. The making of contracts and superintendence of all public works undertaken at the expense of said city, shall be committed by law or ordinance of the corporation to some proper officer or department, under proper rules and regulations preventive of fraud or collusion therein. And no member of the Common Council, head of a department, clerk, city officers, assistant or employé in any department of said city, shall be directly or indirectly interested in any contract, work or business, or the sale of any article the expense, price or consideration of which is paid from the city treasury, under the penalty of his immediate removal from office.

SEC. 6. All officers of the city whose election by the people is not provided for in this act, or the act to which this is an amendment, shall, after the next annual election, be appointed by the mayor of said city, by and with the advice and consent of the Common Council; any provision of law in relation to the appointment or election of such officers, now in force, providing for such appointment or election in any other manner, being hereby expressly repealed.

TREASURY DEPARTMENT.

SEC. 7. There shall be after the next annual election, and there is hereby established in the city of Chicago, an executive department of the municipal government of said city, to be known and styled the "Treasury Department," which shall embrace a city

comptroller, the city treasurer and the city collector or collectors, and all or any receivers of the city revenues which are now or may be appointed by law, and all such clerks and assistants, including an auditor, as the Common Council may, by ordinance, see fit to prescribe and establish.

SEC. 8. The said treasury department shall have control of all the fiscal concerns of the said corporation, and shall prescribe the forms of keeping and rendering all city accounts whatever, and all accounts rendered to or kept in the several departments of the city government, shall be subject to the revision and inspection of the officers of this department. It shall settle and adjust all claims whatever for the corporation or against them, and all accounts whatsoever in which the corporation is concerned either as debtor or creditor.

SEC. 9. There shall, after the next annual election in said city, be appointed by the mayor, with the advice and consent of the Common Council, some discreet and able accountant to be styled the "City Comptroller," who shall be chief of said treasury department and hold his office until removed or a successor be appointed, who shall receive such compensation for his services as may be established by law, and who shall be removable at all times at the pleasure of the mayor with the concurrence of the Common Council, and he shall give bonds with securities to the amount of not less than ten thousand dollars, and the amount of his bond may be increased to such sum as may be fixed by the Common Council; said bond to be approved by the mayor and Common Council, and filed in the city clerk's office and entered on record. He shall also be sworn the same as other officers to the faithful discharge of the duties of his office.

SEC. 10. The comptroller shall, immediately after his appointment, open and keep in a neat, methodical manner, a complete set of books, under the direction of the mayor and finance committee, wherein shall be stated, among other things, the appropriations of the year for each distinct object and branch of expenditure, and also the receipts from each and every source of revenue so far as he can ascertain the same. Said books and all papers, vouchers, contracts, bonds, receipts and other things kept in said office shall be subject to the examination of the mayor, the members of the Common Council or any committee or committees thereof.

SEC. 11. The Comptroller shall be charged with and shall exercise a general supervision over, all the officers of the city charged in any manner with the receipt, collection or disbursement of the city revenues, and the collection and return of such revenues into the city treasury. He shall be the fiscal agent of said city, and as such shall have charge of all deeds, mortgages, contracts, judgments, notes, bonds, debts, choses in action, belonging to said city, and shall possess and carefully preserve all assessment and tax warrants, and the returns thereof made by any collector or receiver of taxes and assessments, and all leases of markets, wharfing privileges and other public property of said city. He shall also have supervision over the city debts, contracts, bonds, obligations, loans and liabilities of the city, the payment of interest, and over all the property of the city and the sale or the disposition thereof; over all legal or other proceedings in which the interests of the city are involved, and with the approval of the mayor to institute or discontinue such proceedings, and to employ additional counsel, where he thinks the city interests require it, and generally in subordination to the mayor and Common Council, to exercise such supervision over all interests of said city, as in any manner may concern or relate to the city finances, revenues and property.

SEC. 12. It shall be the comptroller's duty to examine, adjust and audit all accounts, claims and demands for or against the city; and no money shall, after his appointment as aforesaid, be drawn from the treasury, or paid by the city to any person or persons, unless the balance due or payable be first settled and adjusted by the said comptroller; and for the purpose of ascertaining the true state of any balance or balances so due, he shall have and he is hereby clothed with full power and authority to administer an oath or oaths to the claimant or claimants, or any other person or persons whom he may think proper to examine as to any fact, matter or thing concerning the correctness of any account, claim or demand presented, and the person so sworn shall, if he swear falsely, be deemed guilty of willful and corrupt perjury, and be subject to punishment accordingly, the same as in all other cases.

SEC. 13. All money found to be due and payable by the comptroller to any person or persons, shall be drawn for by said comptroller by warrant on the treasurer, which shall be countersigned by the mayor, stating therein the particular fund or appropriation to which the same is chargeable and the person to

whom payable; but if said comptroller should, upon any examination of any account as aforesaid, still doubt as to its correctness, he shall submit the same to the mayor and finance committee for their decision thereon, which decision shall be binding upon the city and filed among his other vouchers in the comptroller's office; and after the appointment of said comptroller no money shall be drawn from the treasury, except on the warrant of the comptroller drawn as aforesaid.

SEC. 14. It shall be the duty of said comptroller as nearly as may be, to charge all officers in the receipt of revenues or moneys of the city, with the whole amount from time to time of such receipts; and in regard to all tax and assessment warrants for the collection of revenue, and all licenses or permits whatever, issued or granted under any ordinance or law of the city by virtue of which money is receivable or to be received or paid into the city treasury, from or by any person or persons, he shall countersign the same, charging the proper officer the amount collectable thereon; and no tax or assessment warrant, license or other permit issued or granted under which the collection of any money for said city may be authorized shall be of any validity or force whatever, unless countersigned by said comptroller. He shall also require of all officers in receipt of city moneys that they shall submit reports thereof with vouchers and receipts of payment therefor, into the city treasury weekly or monthly, or as often as he shall see fit to require the same by any regulation which he may adopt, and if any such officer shall neglect to make an adjustment of his accounts when so required as aforesaid, and to pay over such moneys so received, it shall then be the duty of the said comptroller to issue a notice in writing, directed to such officer and his securities, requiring him or them within ten days to make settlement of his said accounts with the comptroller, and to pay over the balance of moneys found to be due and in his hands belonging to said city, according to the books of said comptroller; and in case of the refusal or neglect of such officer to adjust his said accounts, or pay over said balance to the treasury as required, it shall then be the duty of the said comptroller to make report of the delinquency of such officer to the mayor, who shall at once suspend him from office; and the mayor of said city is hereby authorized, upon the happening of such event, to declare said office vacant with the concurrence of the Common Council, and to

nominate a successor, in case of removal, who shall be appointed by and with the advice and consent of the Common Council to fill said office for the unexpired term of the officer so dismissed as aforesaid.

SEC. 15. The comptroller shall make out an annual statement for publication, in the month of February in each year, two weeks at least before the annual election, giving a full and detailed statement of all the receipts and expenditures of money during the year ending on the first day of said month. The said statement shall also detail the liabilities and resources of said city, the condition of all unexpended appropriations and contracts unfulfilled, and the balances of money then remaining in the treasury, with all sums due and outstanding; the names of all persons who may have become defaulters of the city, and the amount in their hands unaccounted for, and all other things necessary to exhibit the true financial condition of the city; which statement, when examined and approved by the finance committee, shall be published by him in the corporation newspaper; at least one week before the annual election.

SEC. 16. The said comptroller shall, also, in the month of April in each year, before the annual appropriations are made by the Common Council, submit to the same a report of the estimates necessary, as nearly as may be, to defray the expenses of the city government during the ensuing fiscal year, commencing on the first day of the said month of April; he shall, in said report, class the different objects and branches of said city expenditure, giving, as nearly as may be, the amount required for each; and for this purpose he is authorized to require of all city officers and heads of departments, their statements of the condition and expense of their respective departments and offices, with any proposed improvement and the probable expense thereof, of contracts already made and unfinished, and the amount of any unexpended appropriations of the preceding year. He shall also, in such report, show the aggregate income of the preceding fiscal year from all sources; the amount of liabilities outstanding upon which interest is to be paid, and of bonds and city debts payable during the year, when due, and where payable, so that the Common Council may fully understand the money exigencies and demands of the city for the ensuing year; but in no event shall the Common Council make the current appropriations of any year exceed in amount the income

of the city during the preceding year as ascertained by the comptroller in his said statement, unless in the payment of interest on the public debts of the city they shall provide according to law by taxation or otherwise, some additional fund out of which such excess of appropriations may be made to meet such indebtedness.

SEC. 17. The comptroller shall also keep in his office a correct list of all local and public improvements ordered by the Common Council and under contract by the city, copies of which shall be furnished him by the city clerk, and all contracts and estimates made by the Common Council or any officer of said city in relation to such improvements, for any work contracted or undertaken, done or finished, shall be filed in said comptroller's office; and no contract made, shall be of an validity, unless countersigned by said comptroller.

DUTIES OF THE TREASURER.

SEC. 18. The city treasurer shall, hereafter, keep his office in some place to be designated by the Common Council, appropriated to the keeping of such office, in the treasury department. He shall keep his books and accounts in such manner as the city comptroller or Common Council may prescribe, and such books and accounts shall be always subject to the inspection of said comptroller and the finance committee.

SEC. 19. All warrants drawn upon the treasurer must be signed by the comptroller and countersigned by the mayor, stating therein the particular fund or appropriation to which the same is chargeable, and the person to whom payable, and no money shall be otherwise paid than upon such warrants so drawn.

SEC. 20. He shall keep a separate account of each fund or appropriation, and the debts and credits belonging thereto.

SEC. 21. He shall give every person paying money into the city Treasury a duplicate receipt therefor, specifying the date of payment, upon what account paid; and he shall also file copies of such receipts with the city Comptroller at the date of his monthly reports, as herein provided.

SEC. 22. The Treasurer shall, at the end of each and every month, and oftener if required, render an account to the comp-

troller, showing the state of the treasury at the date of such account, and the balance of moneys in the treasury. He shall also accompany such account with the duplicate of all receipts issued by him for moneys received into the treasury, together with all warrants redeemed and paid by him, which said receipts and warrants, with any and all other vouchers held by him, shall be delivered over to the comptroller, and filed with his said account in the comptroller's office upon every day of such settlement.

SEC. 23. The treasurer shall keep all moneys in his hands belonging to the city, in such place or places of deposit as the Common Council may hereafter by ordinance provide, order, establish or direct; and such moneys shall be kept distinct and separate from his own moneys; and he is hereby expressly prohibited from using, either directly or indirectly, the corporation money or warrants in his custody and keeping for his own use and benefit, or that of any other person or persons whomsoever; and any violation of this provision shall subject him to immediate removal from office by the mayor, with the concurrence of the Common Council, who are hereby authorized to declare said office vacant; and the mayor, in case of said removal, shall nominate a successor, who shall be appointed to said office upon the confirmation of the said Common Council, and hold his office for the remainder of the unexpired term of such officer so removed.

SEC. 24. The treasurer shall also report to the Common Council annually, in the month of February, at least two weeks before the election, and oftener if required, a full and detailed account of all receipts and expenditures, and the state of the treasury. He shall also keep a register of all warrants redeemed and paid into the treasury during the year, describing such warrant, its date, amount, number, the fund from which payable, and persons to whom paid, specifying also the time of receipt thereof, and all such warrants shall be examined at the time of the making such annual report to the Common Council by the finance committee, who shall examine and compare the same with the books of the comptroller, and report discrepancies, if any, to the Common Council.

CITY COLLECTORS.

SECTION 25. The city collector hereafter to be elected by the people, shall keep his office in such place or places as may be designated and provided by the Common Council, appropriated to the keeping of such office in the treasury department, and shall keep in said office, besides his collection and revenue warrants, such other books, vouchers, records and accounts, as the comptroller may, by regulation of the department, direct and prescribe, which books and records, with all other papers, shall remain in and pertain to said office, and be handed over to the successor or successors of said officer.

SEC. 26. All the city collector's papers, books, warrants and vouchers, shall be examined by, and the same are hereby placed under the supervision of, the treasurer and comptroller, together with the finance committee; and the said collector and his assistants shall, on receipt of the same, pay over all moneys collected by him of any person or persons to the city treasurer, taking his receipt therefor, which said collector or assistant shall immediately file in the comptroller's office.

SEC. 27. From and after the passage of this act, there shall be no special collectors of the city revenue or assessments, appointed by the Common Council, other than as assistants to the said city collector, who shall be, in all cases, principal in the collector's bureau of the treasury department.

SEC. 28. The city collector shall make report, in writing, to the comptroller weekly, or oftener, if required, of the amount of all moneys collected by him; the account upon which collected, and shall file with him the vouchers or receipts of the treasurer for the amount so collected.

SEC. 29. The city collector is hereby expressly prohibited from keeping the moneys of the city in his hands, or that of any person or corporation to his use, beyond the time prescribed for the payment of the same to the city treasurer; and any violation of this provision shall subject him to removal from office, in the manner now provided by law, and it is hereby declared to be the duty of the mayor, upon such removal being made, to nominate and appoint a successor, with the advice and consent of the Common Council.

Each assistant collector shall be subject to removal at the pleasure of the finance committee, whenever they may deem the public interest to require it, and their places be filled as provided by law.

SEC. 30. The city collector shall, on the first day of February of each year, submit to the Common Council and finance committee, a statement of all the moneys by him collected during the year, and the particular warrant, assessment or account upon which collected, and the balance of moneys uncollected on the warrants in his hands or returned to the comptroller, and a copy of such statement shall also be filed with the comptroller.

SEC. 31. The finance committee and the comptroller shall annually meet in the month of February, and compare all such reports and statements as are made by the comptroller, treasurer and collector, and report thereon to the Common Council.

SEC. 32. In the adjustment of the accounts of the treasurer and collector with the comptroller, there shall be an appeal to the finance committee, whose decision in all matters of controversy arising between said officers in the treasury department shall be binding, unless the Common Council shall otherwise direct and provide.

SEC. 33. The comptroller, city treasurer and city collector, shall nominate and, by and with the advice and consent of the Common Council, appoint such various assistant collectors, clerks and subordinates, in their respective offices, as the Common Council may authorize. Said subordinates shall in all cases be sworn to the faithful discharge of their duties, as other officers.

SEC. 34. The said comptroller, collector and treasurer, shall perform such other duties, and be subject to such other rules and regulations, as the Common Council may from time to time by ordinance provide and establish.

SEC. 35. The treasurer and city collector, and collectors and all receivers of city money, are hereby required to keep safely, without loaning or using, all the city or public moneys collected by them, or otherwise at any time placed in their custody or disposal, till the same is paid over or directed by the proper officer, warrant, law, or order of the corporation, to be transferred or paid out, and to make all payments and transfers promptly when thereto required

by any law or order of said corporation, or under any regulation of the comptroller. And if any one of said officers, or of those connected with them, in the collection, safe keeping, disbursing of said city revenues, shall convert to his or their own use, in any way whatever, or shall use by way of investment in any kind of property or merchandise, or shall loan, with or without interest, any portion of said city moneys entrusted to him or them for safe keeping, disbursement, payment, transfer, or for any other purpose, every such act shall be deemed and adjudged to be an embezzlement of so much of the said moneys as shall be thus taken, converted, invested, used or loaned, which is hereby declared a felony, and any officer or agent of said city, and all persons advising or participating in such act, or being a party thereto, shall, upon conviction before any court of competent jurisdiction in this state, be sentenced to imprisonment for a term of not less than six months nor more than ten years, in the penitentiary of this state; and also be fined in a sum equal to the amount of the money embezzled.

SEC. 36. All returns and accounts made or required to be rendered under this act, by any of the officers in said treasury department, shall be verified by the oath of the person rendering it; in which said oath it shall be declared that said statement so far as he knows or has reason to believe, is a fair, accurate and full statement of all the moneys in his hands, or which he or any one for him has received since his last official account was rendered; and that he has not directly or indirectly used, loaned, invested or converted to his own use, or suffered any one to use, loan, invest, or convert to their or his use, any of the moneys receivable or received by him; but that he has acted diligently and without any collusion or fraud in the collection of the public moneys of said city, and that he hath rendered a true and full account thereof in his said statement; which oath shall be attached to and filed with said accounts in the proper office of the comptroller or city clerk, as the case may be; and in case the said statement, or any of them, shall be false, the said person so making such statement shall be deemed guilty of willful and corrupt perjury, and shall be punished accordingly.

COLLECTION OF TAXES AND ASSESSMENTS.

SEC. 37. The annual assessment rolls shall hereafter be returned to the Common Council, who shall proceed in the manner now prescribed by law to revise and correct the same; and when revised, corrected and confirmed by them, the Common Council shall then proceed by ordinance, passed as in other cases, to levy the annual taxes authorized by law.

SEC. 38. All orders issued for the collection of the annual taxes, and all special warrants issued for the collection of any special assessments or tax authorized by law, shall be made out in the manner now required by the city charter, be countersigned by the comptroller and delivered to the city collector on or before the 2d Tuesday of October, in every year after the passage of this act.

SEC. 39. The collector shall forthwith publish a notice in the corporation newspaper, that such warrants are in his hands for collection, briefly describing the nature of each, and requesting all persons forthwith to make payment thereof at his office, or that the same will be collected at the cost and expense of the persons liable to the payment of such taxes and assessments; said notice to be published for thirty days.

SEC. 40. If, from any cause, the taxes and assessments charged in said collection warrants are not collected or paid on the lands or lots described in such warrants, on or before the first Tuesday in January, ensuing the date of said warrants, it shall be the duty of the collector to prepare and make report thereof to some court of general jurisdiction to be held in Chicago, at any vacation, special or general term thereof, for judgment against the lands, lots and parcels of land, for the amount of taxes, assessments, interest and costs respectively due thereon; and he shall give ten days' notice of his intended application before the first day of the said term of the said court, briefly specifying the nature of the respective warrants upon which such application is to be made, and requesting all persons interested therein to attend at such term; and the advertisement so published shall be deemed and taken to be sufficient and legal notice, both of the aforesaid intended application by the collector to said court for judgment, and a refusal and a demand to pay the said taxes and assessments.

SEC. 41. The collector shall obtain a copy of the said advertisement or advertisements, together with a certificate of the due publication thereof, from the printer or publisher of the newspaper in which the same was published, and shall file the same with the clerk of said court at the said term, together with a copy of said report.

SEC. 42. The clerk of said court, upon the filing of such report or reports, and certificate of publication, by the collector, in each case, shall receive and record the same in a book kept for that purpose, in which shall be entered all judgments, orders and other proceedings of said court in relation thereto, and the same shall be preserved as other records of his office; and the said clerk shall place the said report or reports and the certificate attached to each, at the head of the common law docket for said term, in the following form as nearly as may be, to-wit:

CITY OF CHICAGO *vs.* JOHN DOE AND OTHERS—Suit for Taxes.

Or, if it be an assessment for some specified improvement, shall also enter said report or reports returned by said collector, in similar forms as nearly as may be, or as follows:

CITY OF CHICAGO *vs.* JOHN DOE AND OTHERS—Suit for assessment on warrants for paving——street——or the opening of——street——.

Or such other title as will sufficiently indicate the nature of the improvement for which the charge or assessment is due; entering a separate suit upon each of said warrants upon which such reports are made.

SEC. 43. It shall be the duty of the court upon calling the docket of said term, if any defence be offered by any of the owners of said property, or any person having a claim or interest therein, to hear and determine the same in a summary way, without pleadings; and if no defence be made the said court shall pronounce judgment against the said several lots, lands, pieces or parcels of land, as described in said collector's reports; and shall thereupon direct said clerk to make out and issue an order for the sale of the same, which said order shall be in form as nearly as may be of that prescribed in the twenty-ninth section of an act, entitled an act concerning the public revenue, approved February 26th, 1839, by the general assembly of this state: Provided, that in all such cases where a defence is interposed, the trial of any issue or issues therein shall have priority over all other cases in said court, and shall be disposed of with as little delay as possible consistently with the

demands of public justice at said term. But should justice require that for any cause the suit as to one or more owners should be delayed for more than twenty days, judgment shall then be rendered as to the other owners and lands, and process shall issue for the sale thereof the same as in all other cases.

SEC. 44. It shall be the duty of the clerk of such court within twenty days after such order is granted as aforesaid to make out under the seal of said court a copy of said collector's report in such case, together with the order of the court thereon which shall constitute the process on which all lands, lots, sub-lots, pieces and parcels of land shall be sold for the amount of any taxes, assessments, interest and costs so levied, assessed or charged upon them, as provided in this act, or the act to which this is an amendment, or under any section or provision hereof, and the said city collector is hereby expressly authorized and empowered in like manner, as sheriffs may do, acting under process of *fi. fa.* under the laws of the state to make sale of such lands, lots, pieces, or parcels of land upon twenty days' notice, which, instead of posting, he shall publish in some newspaper printed in said city.

SEC. 45. The said notice so to be published in each case of a judgment upon any special or general collection warrants, and reports as aforesaid, shall contain a list of the delinquent lands and town lots to be sold, the names of the owners, if known; the amount or taxes, interests and costs, or the amount of the assessments, interests and costs, as the case may be, due respectively thereon, and the account upon which the same is due; the court which pronounced the judgment, and that the same will be exposed to public sale at a time and place to be named in said advertisement by said collector. The proceedings may be stopped at any time upon payment of said taxes, or assessments, interests and costs to said collector.

SEC. 46. In all proceedings and advertisements for the collection of such taxes and assessments and the sale of lands therefor, figures may be used to denote lots, sub lots, lands and blocks, sections, ranges and parts thereof, the year and the amounts, as now provided by law in like places.

SEC. 47. The sale shall be conducted in the manner provided by law in like cases, and shall be of the smallest portion of ground (to

be taken from the east side of the premises) for which any person may take the same and pay the amount of assessments or taxes thereon, with interest and costs.

SEC. 48. In all other respects the same proceedings shall be had as to issuing certificates of sale, the making of deeds, and the redemption in cases of sale, as are now provided in the act to which this is an amendment, except that all duplicate certificates of the sale of any premises made by such collector, shall be hereafter filed by the comptroller, and redemption shall be made by the payment of the amount of redemption money to the treasurer, and taking his voucher therefor, and filing the same in the office of said comptroller, who shall thereupon cancel and annul said certificate and sale upon his records.

SEC. 49. The deeds made to purchasers shall be *prima facie* and conclusive evidence to the same extent as to facts, and have the same conclusive force and effect as to the rights of purchasers at such sales, as is now provided by law in the act to which this is an amendment.

SEC. 50. Any change made in the incumbent of the office of the city collector during the pendency of any such proceedings shall not operate to affect or delay the same, but the successor or successors in office of such collector shall be authorized to do all acts necessary to complete such proceedings the same as if his predecessor had continued in office. In case of a vacancy occurring in any such office, the proceedings shall be prosecuted by the city comptroller until such vacancy is filled by election or otherwise.

SEC. 51. After the next annual election, all sales of property for the non-payment of taxes and assessments, for any improvement of what kind soever, shall be held at the same time with the general sale of property for non-payment of city taxes in each year, unless in particular cases said sale is stayed by examination or process of law, the intent hereof being that there shall be but one general collection by sale of all taxes and assessments whatsoever in each and every year, which sale shall take place in the manner herein before provided and at the same time in each year.

SEC. 52. The Common Council may direct all special warrants for the collection of any special assessments levied on any property for any improvement, to issue and be delivered to the city collector

forthwith, who shall notify by advertisement all persons interested to pay the same immediately; but in all cases where said assessments are not paid, on or before the day of the filing of the collector's report for judgment in any court of general jurisdiction, ten per cent. shall be collected as additional costs, and be added to and collected with the other assessments and expenses authorized to be collected on the property assessed; and for this purpose the collector shall add to his said report, on a separate column, the amount of such additional cost: *Provided*, That from and after the expiration of thirty days' notice to be published in the corporation newspaper by the city collector that he has received such special warrant for collection, he shall be authorized and he is hereby required to demand and collect for the use of said city at the rate of ten per cent. per annum on the amount of every assessment made upon any real estate within said city, computed from the day of the date of said warrant to the day of the payment thereof.

POLICE COURT.

SEC. 53. That after the next municipal election, the Common Council of said city shall designate the two or more justices of the peace, now provided for under the act to which this is an amendment, and who are to have jurisdiction in all actions for the recovery of any fine and penalty under the laws, ordinances and police regulations of said city.

SEC. 54. The said justices of the peace so designated shall hereafter constitute and be styled the police court of said city, and said justices shall continue under such designation to take jurisdiction as justices of the peace for one year, or until their successors be appointed, in all actions for the recovery of any fine or penalty under the laws of said city, and all ordinances, by-laws or police regulations thereof; that while so employed under such designation, as such justice, one of them shall hold a session of said police court daily (Sundays excepted), at the city hall, in such place as the said Common Council may provide and appoint, until the business before them or him is disposed of.

SEC. 55. The said justice may be compensated by a salary, to be fixed by the Common Council to do the business of said police

court, in lieu of all other compensation or fees whatever, accruing from the business to be disposed of, and the said justices so designated shall not enter upon their duties nor be appointed to hold such court as justices of the peace aforesaid, unless they first sign and execute an express relinquishment in writing in favor of the city, of all other fees, emoluments, or compensation whatever, than what may be provided by a salary to be fixed as aforesaid by the Common Council under this act, and such express relinquishment shall be filed in the comptroller's office, and thereafter all justices' fees and costs collected in all actions brought for said city, under the city charter, shall be paid into the city treasury as other revenue of the city.

SEC. 56. There shall be elected by the people at the next municipal election, and biennially thereafter, one "Police Court clerk," who shall hold his office for two years, and until his successor is elected and qualified. SEC. 11. The mayor and Common Council shall determine what

shall be the nominal amount or value of each share of stock, and of what number of shares the same shall consist, and the mayor of said city is hereby authorized to sell and dispose of such shares on such terms as the Common Council may prescribe.

AN ACT

To amend the Act entitled "An Act to reduce the law incorporating the City of Chicago, and the several Acts amendatory thereof into one Act, and to amend the same," approved February 14, 1851.

SECTION 1. *Be it enacted by the People of the State of Illinois represented in the General Assembly:* In order to carry out fully the object and intent of the sixty-second section of the fourth chapter of the act to which this is an amendment, the Common Council of the city of Chicago is hereby authorized and empowered to establish and maintain at its option, either within or without the corporate limits of said city, a Reform School, and to assess a tax upon the real estate in said city, year by year, for the support of the same, not exceeding, however, two mills, and to be levied and collected in the same manner and at the same time that the general taxes of the city are now; but no such tax shall be levied or collected in any year when there shall remain, from the taxes assessed for such purpose for any previous year or years, and collected and paid into the treasury and unexpended for the purposes of such school, a sum of money that, in the estimation of the Board of Guardians of such school, shall be deemed sufficient for the support of the Reform School for such year.

SEC. 2. The Reform School now established by the ordinance of the Common Council of the city of Chicago, is hereby declared to have been and to be established in conformity with the provisions of the said sixty-second section mentioned in the foregoing section, and the said ordinance and the amendments thereto are hereby continued in force and effect until altered, changed or amended by said Common Council, and the said Common Council is hereby authorized to alter, change, amend or repeal, in its option, the said ordinance, at any and all times when it shall deem proper; but not so as to contravene any provisions contained herein, or any laws of the state now or hereafter existing.

SEC. 3. Each and all courts having criminal jurisdiction in the county of Cook, and each and all police magistrates in the city of Chicago shall sentence to the said reform school, every male under the age of seventeen years and over the age of six years, who shall be convicted before such court or magistrate of vagrancy, or of any offense punishable by law by fine or imprisonment, and who the said courts or police magistrates shall be of opinion would be a fit and proper subject for commitment to said reform school, and an order to such effect shall be entered of record in the proceedings of said court or magistrate; and thereupon it shall be the duty of said court or magistrate, by warrant in due form of law, to commit such boy to said reform school, and all warrants of commitments of such boys, shall express the crime or complaint for which such commitment is made and the age of the boy, but no such warrant of commitment shall be considered bad for want of form or technicality, and the same may be directed to the sheriff or any constable of Cook county or of the city of Chicago, who shall execute the same and deliver the boy or boys named in such warrant to the superintendent of the reform school with the warrant, and for such services shall be paid the same fees and in the same manner as are now provided in case of the commitment of a criminal to the Cook county jail, for a misdemeanor or offense punishable by imprisonment in the county jail.

SEC. 4. Each and every boy above the age of six years and under the age of seventeen years, who shall be legally committed to said school as provided in the foregoing section, shall be kept disciplined, instructed, employed and governed under the direction of the board of guardians of said school, until he be either reformed and discharged, or be bound out by said guardians, or until he shall have arrived at the age of twenty-one years; and all commitments to said reform school shall be to such effect and need not express the time for which such boy shall be committed, and the said board of guardians are hereby clothed with the sole power to discharge any boy or boys from said reform school, who have been or may hereafter be legally committed to such reform school, and such power of discharge shall rest solely with said board of guardians, and with no other person or body politic or corporate, but it shall be the duty of the said board of guardians, and they shall have power to return any boy to the authorities of the county or city from which any such boy may be or shall have been received, whom

the said guardians may deem to be an improper subject for their care and management, or who shall be found to be incorrigible, or whose continuance in the school they may deem prejudicial to the management and discipline thereof, or who in their judgment ought for any cause to be removed from said school, and in every such case it shall be the duty of said guardians to transmit to the court or magistrate by whom the said boy was committed to said school, a statement of the reasons for said discharge, and it shall be the duty of the authorities of the city or county, to whom such boy shall be returned, to produce such boy before the court or magistrate by whom such boy was committed, as soon as the same can reasonably be done, and such court or magistrate shall have power thereupon to make such order and have such proceedings as would have been legal in the first instance, and as would have been made or had in case said boy had not been sent to said reform school.

SEC. 5. Said guardians shall have power to bind out all boys committed to their charge for any term of time until they shall have arrived at the age of twenty-one years, as apprentices or servants to any inhabitant of this state, and the said guardians and master or mistress, apprentice or servant, shall respectively have all the rights and privileges and be subject to all the duties set forth in chapter sixth of the Revised Statutes, entitled "Apprentices," in the same manner as if said binding or apprenticing were made by any two overseers of the poor, or by the mayor or any two aldermen of any city; and the same clauses and provisions required to be inserted in the indentures of apprentices in such cases shall be inserted in all indentures that may be executed by the said guardians. No person receiving an apprentice under the provisions of this act shall be at liberty to assign or transfer the indenture of apprenticeship without the consent in writing of said guardians, and in case the master or mistress of such apprentice shall be dissatisfied with his behavior, or for any other cause may desire to be relieved from said contract, upon application, said guardians may in their discretion cancel the said indenture and resume the charge and management of such boy, and shall have the same power and authority in regard to him as before such indenture was made; and if any master or mistress shall be guilty of any cruelty, mis-usage, refusal or neglect to furnish necessary provisions, clothing, or any other violation of the terms of the indenture towards any boy so bound to service, such boy may make complaint to the board of guardians

of said school, or to any court or magistrate having power to commit boys to said school, who shall thereupon summon the parties before said court or magistrate and examine into, hear and determine said complaint, and if upon examination such complaint shall appear to be well founded, such court or magistrate shall, by certificate under seal, discharge such boy from all obligations of future service and restore him to said school to be managed and taken care of in like manner and with the same powers as before such indenture, and a right of action shall immediately accrue against such master or mistress as for a violation of the covenants of such indenture. Upon the death or removal from the State of Illinois of any master or mistress to whom any boy be bound as aforesaid, the executor or administrators of such master or mistress that may have so deceased, or said master or mistress in person who are about to remove, with the consent of the boy so bound to service, signified in a writing acknowledged and approved by the said guardians, may assign the indenture or contract of services to some other person, which assignment shall transfer and rest in such assignee all the rights of the original master or mistress, and also make the assignee subject to all the obligations of such original master or mistress; and it shall be the duty of every person to whom any boy is so apprenticed as aforesaid, to report to said guardians as often as once in each year, and at all other times when required of by said guardians, the conduct, behavior, the condition and health of such apprentice, and whether such apprentice is still living with him or them, and if not where such apprentice may be, and such other facts with regard to such apprentice as may be important for said guardians to know.

SEC. 6. In case a reform school, or schools, or other institution of a like character, and for a like purpose, should at any time be established by the state as a state institution, the Common Council of the city of Chicago are hereby authorized and empowered to remove and transfer to such state institution, as soon as the same shall be in operation, or at any time thereafter, all the boys that may at such time be in the Chicago Reform School, and thereafter all such boys so removed and all other boys that may at any time thereafter be sent to the Chicago Reform School, or that the board of guardians of said Chicago Reform School would otherwise be authorised to take and receive into the Chicago Reform School, shall be sent to and received and taken by such State Reform

School, and shall be under the control, guardianship and custody of the board of guardians or other governing board of such State Reform School or institution in the same way and manner, and to the same extent in all respects as if such boy and boys had been sent or sentenced to any such State Reform School or institution in the first instance, and agreeably to the law or laws that may be or have been for such case made and provided; such removal and removals of such boys from said Chicago Reform School to such State Reform School, or other similar institution, shall be made under the direction of the mayor and Common Council of the city of Chicago, and any police officer or constable, one or more, of said city of Chicago, that may be directed by said mayor and Common Council to make such removal, are hereby clothed with the same power to take such boys through any county in the state and deliver such boys to such State Reform School or other institution established for similar purposes, as a sheriff now has by law to remove a convict from the county where convicted to the state penitentiary.

SEC. 7. By permission of the Common Council of the city of Chicago, male juvenile delinquents, between the ages of six years and seventeen years, that may be proper subjects for said reform school, may in like manner as hereinbefore provided for, in the case of male juvenile delinquents in said city of Chicago be sentenced by any court of criminal jurisdiction, or police magistrate, or police justice, in any county or city of this state to said Chicago Reform School, subject however to such rules and regulations as the said Common Council may establish, and the expense at said school of such boys so committed shall be respectively borne and paid by the counties or cities where such boys may be respectively convicted.
